SKILLS SUMMARY

- **Languages:** C, C++, HTML, CSS, JS, REACTJS
- **Platforms:** Linux, Windows, GIT, Visual Studio Code

SOFT SKILLS

- Determined to solve given problems at any cost.
- Having creative mindset and thought process.
- Quick learner, very friendly with the team.
- Take my mistakes as an opportunity to tune myself.
- Time management, Public speaking, Leadership.

Career Objective

I am a very hard-working and focused person. Self-development and education are my greatest interests. I'm skilled in both C and C++ programming languages as well as front-end technologies. I also have a firm grasp in problem solving. I enjoy addressing a concern by applying my skills in problem – solving creatively and devise the quickest alternative to the desired end.
